WOMEN'S NEW SUITS, SKIRTS, BLOUSES, DRESSES.

A view of the beautiful new fashions cannot help but be interesting to a vast majority of women, and we cordially invite them to come and inspect the newness of fabrics, the distinctive style points, and the attractive color tones.

Exceptionally smart are the Separate Skirts, in both regular and extra sizes; practical models, in very plain tailored effects, or draped, one and two tunic and novelty designs. The Scotch plaids in the rich toned fabrics are very modish. Serges, Wool Crepes, and Poplins are in various styles and colors, \$5.00 upward.

Softness and fullness are the two dominant features of the blouses, and fashion has been most consistent in employing sheer materials that will best produce the effect. Crepe de chine and other exquisite silks, and also net

and shadow laces, in white, ecru, and magnificent yellows, pinks, maizes, apricots, and other delicately colored effects; all fluffy and full. At \$5.75 are many beautiful styles.

New Dresses at \$25.00 of the soft pussy willow taffeta, or the lovely silk crepe; tunic and peplum skirts with slanting or spade back; waists finished with girdles and the ve necks and vests with fine nets, lace ruffles, and dainty ribbons; new fashionable shades.

The First Spring Showing of The World-famous "Old Bleach" Dress Linens.

"Old Bleach" Linens owe their individuality to the way in which they are produced; the skill and care exercised by the makers in old Ireland. They derive their name from the distinctive bleaching process, known as "Old Bleach," which is entirely a process of nature. After being woven they are placed on the grassy slopes surrounding the mill and bleached by the bright sun and sparkling dew of Ireland's peculiarly appropriate climate.

Old Bleach White Linens; 36-inch width, 50c, 68c, and 75c yard; 45-inch width, 90c and \$1.00
